Dear : Joey

Sorry for the lateness of my letter. When your letter come, I had gone abroad. Exactly, your letter came on June 28, 1991 but that time I was spending my holiday in Australia and I arrived in Jakarta on July 19, 1991. After that I've had the exam for study in Japan. If I pass the exam, I'll study abroad in Japan for 5 years. I'll study in Osaka University for 4 years. It will be started in 1993 because I must improve my Japan for 1 year. I wish I'll pass!

I spent my holiday in Australia with my mom and my brother. It's my first trip to Australia, but I've traveled to West Europe, Singapore, and Hong Kong before. Actually, we went to Australia because my brother registered as Sydney Conservatorium of Music student. He'll learn music especially in keyboard. I was there for 3 weeks in Sydney, Canberra, and Melbourne. There are many kangaroos and coalas. In the east beach of Australia, there's The Great Barrier Reef. It's very beautiful. What about your holiday?

Reading letter of yours, I don't know more about Nolan Ryan. As I know, Nolan Ryan is one of the best American player of softball.

So, I want to congratulate you for your graduation and your scholarship. How can you get scholarship?

Where and what the name of your college? What's the major of yours? I want to know more about your college. May you can be the best university student. Good luck!!

Sincerely

Titut Rosawati
