Dear Joey

I'm very sorry, this letter is too late. I hope you don't be angry. Actually, I would like to write back your letter immediately. But that time was busy days for Indonesian to prepare a holiday of Idul Fitri. Many people sent greeting cards for their friends and family. I'm afraid my letter will arrive too late.

Idul Fitri in my country is very crowded because there are many Mohammedan. About 90 procent from Indonesian celebrated it. How in your country? I think, in the other hand. As I know Americans' religion is catholic, isn't it?

Beside this letter, I sent you 2 stickers that was made my brother. Do you like it? I hope so.

In this letter I can't tell more. If you have interesting experiences about your school, your activity, and your hobby, please tell me !!! Or if you will know more about something of mine, you can ask me. Don't doubt, I will tell you !!

See ya later

Sincerely

Titut Rosawati
